THE POLICE.

Annual Inspection by the Commission-
ers Yesterday.

The regular annual review of the
police department and examination of the
officers of the police headquarters was held at the
house yesterday at one o'clock, between
the hours of 10 and 11. The board of police
commissioners sat down to dinner.

This hour the entire force was assembled
under the command of their officers. The inspec-
tion was conducted by Police Commissioner
M. Mahoney, W. G. Griswold and G. D. Todd.
The inspection was for the purpose of exam-
ining the condition of the uniforms of the
police force and seeing who needed
them. The force—

MADE A FIELD DISPLAY.

Allian will boast of having one of the
best looking bodies of police in the south.
Men as a general thing are hard—men and
their conduct and behavior is equal to that of
other forces to be found anywhere.

The board complimented the force highly for
its exemplary appearance and for the exemplary
order in which they had conducted themselves,

res during the past year.

Even of the members were new uniforms,
the others report that theirs was being
made.

A very few days the entire body will be out
in their new summer suits of blue flannel.

THE POLICE CONSISTS

one chief, four captains, two station houses
and twelve patrols. The patrols
are as follows:

Colonel L. F. Thomas, chief.

J. M. White, captain.

General G. T. Anderson, captain.

Wm. Flynn, captain.

R. Mansfield and Major D. C. Cook, station
house keepers.

FALLEN MEN.

A. Hanes, C. Pines, J. R. Thompson, J. W.
Fay, G. S. Spier, C. K. Barber, Jas. McGee, T.
West, A. Brooks, N. West, P. Owens, J. M.
Johnson, H. T. Clark, F. Monken, W. L. Jones, T.
Sullivan, J. L. Chaffin, R. H. Goodwin, W. J.
Wright, J. G. Aldridge, W. F. Fouts, A.
Cook, T. J. Penn.

Many of these patrolmen made gallant soldiers
during the late war.

After the review, the station houses as well as
the cars, were visited by the commissioners.

The cars were found to be

in excellent condition.

The walls have been recently whitewashed
and the floors sanded. Only one of them had
an occupant. This personage was a small ne-
ne boy about ten years of age, who had been
taken up by the police, for having run away
from his home. He was held at their request
until he could be sent to his parents.

The board also examined the records of the
station house and found them well kept. They ex-
amined themselves as highly pleased with the
neat and tidy appearance of the office, as well
as the reception room.

AS THE EXHIBITION ROOM.

The recorder's court room was also visited.

The walls were found to be in excellent condition.

The door was found to have been provided

for the use of the commissioners, while

the desk for the chairman was arranged on a stand.

There were a number of newly painted benches

in the room, the convenience of the visitors

during the duration of the exhibition.

MEETINGS BY THE BOARD.

The entire face of the police headquarters has
been newly painted and pencilled and presents
an exceedingly neat and tidy appearance.

It looks now like a city building, and has an
admirable appearance. The entire work

around the station house, painting,

whitewashing and repairing has

been done in a substantial labor

and the work it can be said has cost the city

nothing whatever.

The entire department now reflects credit on

Atlanta, and she may well proud of her

fine police headquarters and the efficient police

force of our city.

The Concert Last Night.

The concert of sacred music by the combined choirs of Atlanta which came off at the executive mansion Tuesday evening last, was really one of the most select and choice musical events of the season. Want of space will not allow us giving a full account of the entire program.

A grand chorus, the coronation, in which all present took part, opened the concert.

Next in order are the members of the First Methodist choir under the direction of Prof. Krieger, who sang the well-known "Guide me O Thou Great Jehovah," in a manner to please the audience, and reflected credit on themselves.

The Trinity choir, under the baton of Professor Barnwell, sang two fine choruses, but as there was no program for the concert, the names of the choirs were not given.

There were some very fine voices in the soprano in particular.

The Second Baptist choir, Mr. J. F. Sams, director, sang "Jesus Shall Reign," in a spirit of great energy, and showed a proper regard for time, besides giving expression to the parts which called for it. Among the singers of the Trinity choir there are some very fine voices.

Mr. and Mrs. St. Werner, then sang the beautiful arias, "Ave Maria Ever Bright and Fair" in her usual fine style, but did not do herself real justice until she sang in the evening the grand composition "With Verdure clad," which was rendered so freely as to all forth a sincere rounds of applause from the audience. Mrs. St. Werner is a real artist, and from her easy manner in which she controls her voice, and her finished execution, leads the writer to believe that she is of the Italian school.

The Constitution.

ATLANTA, GA.

THURSDAY MORNING, MAY 2, 1878.

MR. KEY will stick.

MORTON, who worked up the Florida frauds for Conkling, is in Washington.

REPUBLICAN members of congress will be called upon to contribute fifty dollars each for campaign purposes.

BLAIR says the people have taken the movement against Hayes out of his hands. So it would seem.

TEARFUL Tommy Sherman still refuses to believe that Brother Beecher was Elizabeth's visiting husband.

DENNIS holds Bill Chandler to be guiltless of any of the Florida frauds. Bill ought to feel highly flattered.

The little giant wants to be investigated. He feels better after turning state's evidence.

CONKLING will make a good witness. Let the able political poitron be called to the stand.

THE MEMPHIS TRIBUNE.—He doesn't like his son-in-law, and so he discharged him the next day. This should be a warning to all sons-in-law not to make themselves premature.

WE would be glad to learn that Rev. Josephus Flavius Cook, of Boston, was preparing to lecture on the subject of fraud. Only in this way can the whichness of John Sherman, the whichness of Mr. Key and the whatness of old Dick Thompson be elucidated.

THE executive committee of the seventh congressional district of this state is called to meet in Rome on the 1st inst.—next Saturday. We hope every member of the committee will attend. It is the earnest desire of the demonstrators of that district that such a representation will be had at the convention that meets to nominate a congressman, that no one can have good ground of objection to the action. The committee is called to determine when the convention is to be held, and how the counties are to be represented.

Let each militia district send a delegate to the district convention, with instructions to vote for the best man in the district as the democratic nominee; and then let all good democrats who want to represent the district permit the use of their name before the election in the selection of the nominee by a large majority.

WE, the Republicans of Florida are not desirous to manufacturing public opinion at the north, but, convinced that the state has been carried for Hayes and Wheeler, they await to see if confidence not the result of a fair and impartial canvas, which they are sure to give, will conviction to the people of the country.

SEVENTH CONGRESSIONAL DISTRICT.

The able financial editor of the New York Times says that "to receive greenbacks for customs, with the declared purpose of again putting them in circulation, will not enhance their value." This happens to be true just now because the greenback dollar is just as good as the gold dollar. The Times is getting to be a really practical paper.

If Thurman doesn't let us know his opinion as to whether the southerners of his acquaintance habitually carry derringers in their pockets, we shall be compelled to throw our influence in favor of his Uncle William. In thus refusing to make public his views of G. C. Conkling.

The line in the song: "The vilest sinner may return," is really prophetic, and its prediction has been literally fulfilled in Florida and Louisiana.

PERSONNEL OF THE CONFERENCE

is very fine. The members are grave and reverent men, and an unusual number of them are clergymen. The lay delegates of the conference were the fact that Mr. Summers was the most eloquent speaker in and out of the church during the exercises, in most of them spending some time in examining the upper story of the church, while won universal praise for the elegance and sturdiness of its appointments.

The conference was a very religious per-

son, due to the fact that Mr. Summers

showed a picture of piety and grace, and varied by numerous interlocutors. The interest of the day's proceedings reached a climax with the address of welcome from Judge Jackson.

It may have been expected, this address

was admirable in tenderness and grace, but it was frequently interrupted by the voices of those who applauded Judge Jackson's address to the "matrons and the bonnie lasses." The reply of Bishop McFiey was fitting and elegant, and was warmly received.

Bishop Pearce then announced that the choice of a secretary was next in order.

Dr T O Summers was nominated and unanimously elected, and he requested Dr A G Hay

to act as assistant secretary.

This was approved by the conference, and Dr Summers announced that he would not attend present

any other assembly.

JUDGE JACKSON'S ADDRESS.

Judge Jackson's address of the conference court, made following felicitous address of Dr. General Conference.

President, Bishop Dr. Brethren of the General Conference.

In the name of the chief magistrate of the state, the committee of arrangements had devolved upon me the responsibility of securing the hospitalities of her capital city. Regrets mingled with gratification on my part, as I have been unable to do so much for the conference.

It is a great pleasure to be a brother of brother love pervading the whole assembly, and there is little reason for fear that this will be disrupted.

THE ELECTION OF BISHOPS.

The interest of the conference in the election of the more distinguished members of the body. In the meantime we can only congratulate you on the unusual degree of harmony that is promised in their deliberations. There seems to be a spirit of brotherly love pervading the whole assembly, and there is little reason for fear that this will be disrupted.

THE ELECTION OF BISHOPS.

The election of the bishops was fixed. It was held on the second day of the conference.

There were no elections.
